

# DRY LINK

## REFURBISH PROGRAM

**DRYLINK HAS A DEDICATED TEAM IN PLACE TO REPAIR YOUR CURRENT VALVES FOR A FRACTION OF THE REPLACEMENT PRICE.**

### REFURBISH OFFERINGS INCLUDE:

- Replacing all seals and wear items including the disc
- Replacing any broken or missing side covers, dust covers or screws
- Inspecting the body for excessive wear or unrepairable damage
- Assembling with new parts
- Performing the same quality testing as a new unit

FDA or USP certificates and traceability are available upon request.
